

INTERESTS

1. My friends say I always talk about creating, building, or Doing...

- coding
- CP problem solving
- emerging technologies
- issues with organizations
- GPT learning
- Sleeping
- Mathematics problem solving
- Health conscious food
- Self Enriching things
- personality Development
- Loving and Caring
- Environmentalism

2. If I never had to worry about money, I'd spend my time creating, building or doing...

- Building Free Stationary Shops for Poor students
- building Free Kitchens for malnourished children
- Robotics Learning
- Watching Adventurous Movies
- Visiting Archeological sites
- Playing Musical Instruments

3. I like to spend my time online learning about...

- Bodybuilding or exercise videos
- Interview videos
- Cricket
- Communication videos
- Cooking videos
- Mastering AI tools videos

Skills

1. My friends say I'm good at...

- Coding
- Thinking Logically
- Solving Mathematics
- Learning Quickly
- Staying Consistent
- Working Hard
- Respecting Others
- Dancing
- Exploring new Concepts
- Articulation of Writing

2. I'm interested in getting better at...

- Networking
- Mass communication
- Fitness
- Money Management
- Innovations
- Coding
- Rational and Unbiased Thinking

3. I'm above average at...

- Web Development
- Competitive Programming
- Prompt Engineering
- Machine Learning
- Mathematics
- Grammarly Use of English
-

PASSION

| SKILL | INTEREST | PASSION |
|---|--|--|
| Reflecting on your Skills, what are you most excited about? | Reflecting on your Interests sheet, what are interested in getting even better at? | What are ways you'd be excited to combine your Interests and Skills? These represent your Passions |
| 1. Development of digital Platform by using coding Skill | opening Free Stationary shops for poor students | Resource Accessibility via digital Platform as well as abstractly |
| 2. Mass Communication | Environmentalism | Spread Awareness among People Regarding Sustainable Practices |
| 3. Networking | Free Kitchens for malnourished Children | Connecting the Richer to contribute in providing Nutritious food |

IMPACT

1. Groups of people I'd be excited to help:

- Marginalized People
- Poor Students
- Helping people interested in multidimensional development
- Helping government as well as citizens by promoting sustainable practices

2. Local problems I'm interested in helping with:

- Helping friends and juniors in coding Problems
- Helping friends in critical situations
- Spreading Awareness about Mental Health

3. Global problems I'm interested in helping with:

- Quality Education Improvement
- donations for saving poor countries
- Solving real world technology problems continuously

PURPOSE

PASSION

1.Resource Accessibility via digital Platform as well as Abstractly

2.Spread Awareness among People Regarding Sustainable Practices

3.Connecting the Richerman to contribute in providing Nutritious food

IMPACTS

Affordable Study Resources

Sustainable Development

Healthy Life/
Zero Hunger

PURPOSE

Multidimensional Development

Social Responsibility

Corporate Social Responsibility
(People,planet,profitability)
